## Experience

---

### Frontend Developer Intern

Vocvision

Sep 2023 – Mar 2024  
Kalyan, Maharashtra , India

- Developing user-friendly interfaces based on provided designs.
- Collaborating with team members to integrate backend services with frontend components.
- Writing clean, maintainable code using React.js and other related technologies.
- Conducting thorough testing and debugging ensure the quality and functionality of web applications.
- Adapting to new tools and technologies to enhance productivity and efficiency.
- Communicating effectively with team members to understand project requirement and deliverables.

## Projects

---

### AI-powered Voice Assistant News Application

React.js, Javascript, CSS, Alan AI

- AI-powered voice assistant news app designed to make everyday tasks easier and more efficient for users.
- users can interact with their devices through natural language voice commands, enabling seamless navigation, task execution, and information retrieval.
- Integration with APIs of leading news providers ensures a diverse range of high-quality content.
- The application continuously fetches and updates news content in real-time, ensuring users stay informed about the latest developments.

### Machine Learning Web Application

React.js, Javascript, Node.js, OpenAI

- With an elegant user interface that resembles the ChatGPT app, communication with advanced GPT3 model API, and most importantly.
- the ability to ask the AI for help regarding JavaScript, React, or any other programming language, giving it code and translating it to another programming language, and much more.

### Real-time Chat App - MERN stack

React.js , Node.js , Express.js , MongoDB

- The real-time chat application allows users to communicate instantly with each other over the internet.
- Users can send text-based messages, share multimedia content, create group chats, and engage in real-time conversations.
- Users can search for specific messages, users, or content within the chat application.

## Certificates

---

- TCS iON Career Edge - Young Professional
- Prodigy InfoTech - 1 Month Internship in Web Development
- Meta Front-End Developer Professional Certificate
